

Our Favourite Things

1994

by Sandra Kloosterhuis, Alana Smith and Carla Judson
(from Hi-Teens 1992?)

Bug bites on noses and long hairy legs,
Dorion water that smells just like eggs,
Too early flag raisings where we must sing.
These are a few of my favourite things...

NOT!!

Green coloured bug dope; the porridge is brutal
And, if we whine lots, we get apple strudel,
Dorion romance, the heartache it brings.
These are a few of my favourite things...

NOT!!

When the dog bites, when the wasp stings,
When I'm smelling bad,
I simple remember I'm still at this camp
And then I don't feel so bad.

Hearing from Richard, his testimony's boring,
Elaine's twenty minutes leaves the whole chapel snoring;
We're always running, when that dumb bell rings.

These are a few of my favourite things...

NOT!!

When the dog bites, when the wasp stings,
When I'm smelling bad,
I simple remember I'm still at this won-der-ful camp
And then I don't feel so bad.
