

Here it is guys, a tribute to Summer '97 at DBC.

I'll just give you the last verse and I think you can figure it out ok.

On the twelfth day of Christmas my camp memory will be

Steve we need more advil!
Oyshi haikus,
Dumb Joel and Sgt. Dorion,
Fun with astronomy,
Shawn's cardboard office,
Up from Harlem,
Bonus Bob returns,
Morris breaks a plate,
Kangaroo court,
Blah blah blah,
Sax and drums,
And a bagel with cream cheese.
