Corporation Membership

With the recent incorporation of Camp Gitchigomee we have a new structure for decision-making. The corporation is made up of members; anyone supportive of the Camp's objectives may complete an application and submit a nominal \$5 fee to become a member.

At the Annual General Meeting, members elect six Directors (the "Board"), who then make policy and operating decisions with help from various standing committees.

The Directors meet the third Tuesday of most months and members are welcome at these meetings to provide input for their decisions. (Location varies; contact us.)
